Lungaluce LED EXSTREME ledelys med IP65 kapsling med Opticom og TITAN batteri teknologi.

Armaturen har standard selvtest (AT) og har terminaler for Logica BUS og FM samt DALI.

Lungaluca LED leveres med 4 forskjellige linser for optimal lokal tilpasning

TITAN batteri teknologien er en ny kjemi med ekstreme tekniske egenskaper.

Oppladingstiden fra utladet batteri etter utladetest ca 60 minutter. Kan lagres da batteriet ikke har selv-utlading.

Armaturen kan oppkobles til Beghelli CLOUD via Opticom APP og registreres som anlegg i skyen.

Opticom appen til telefon nedlastes i Appstore for Android og IOS produkter.

Artikkel	Art kode	Type	Batteri	Driftstid	EI nummer
Lungaluce LED EXTREME IP65		LL	2 x 4,8 v - 1,2Ah Titan	1-8 timer	
Radio modul for Logica FM	15037				6607866
